

Panels

Bekafor Classic is a rigid panel fence system that protects house and garden in a classic way.

Bekafor[®] Classic

BENEFITS

High longevity

This system offers certified quality and lifetime, as the panels are made of galvanised steel wire, plastic coated afterwards with high adhesion.

Easy installation

The complete system of several panel heights and convenient posts, collets, accessories (floor plates, corner clips and wall fixators) and gates offer a solution for all situations. This system can even be installed on a wall or concrete floor.

Modern & simple design

Blending into the garden, Bekafor Classic provides peace of mind combined with simple design. The superior rigidity of this residential fence helps you to border your garden in a durable way and its simple design makes it very discreet. The panels have vertical barbs at one side that can be placed at the top for a more protective fence.

Applications

Bekafor Classic is highly recommended for fencing of residential surroundings.

Panels

The panels have a width of 2000 mm and are available in a range of heights from 630 till 2030 mm. The panels have vertical barbs of 30 mm that can be placed at the top or at the bottom.

The horizontal reinforcements give the panels extra rigidity.

Mesh sizes are 100 x 50 mm

Wire diameters: 4,5 mm

Posts and fixation

Bekafor Classic panels can be installed with metal Bekaclip posts, (diam. 48 mm, plate thickness 1,50 mm). The panels can be easily fixed to the posts by making use of the special Bekafor collets.

Gates

The Bekafor Classic system is totally finished and safely equipped with single and double Bekafor Classic gates.

Coating technique

Panels made out of galvanised wires. A pre-treatment process guarantees a perfect PVC-coating adhesion to the product surface.

The posts are in- and outside galvanised (min. coating 275g/m², both sides together), in accordance with Euro norm 10326. Afterwards an adhesion coating is applied and finally the posts are plastic coated (min. 60 micron).

Accessories

Several accessories are available for:

- fixing a panel directly to a wall (wall fixators)
- installing posts on a concrete floor or wall (base plates)
- installing panels in an angle (corner clips)

Colours

Green RAL 6005 - White RAL 9010 - Anthracite

ASSORTMENT BEKAFOR CLASSIC
